Alkady Cars

The digital instrument cluster is divided into three main sections:

- Left Section (Speedometer):** A circular gauge with a needle pointing to 0 km/h. The scale ranges from 0 to 240 km/h in increments of 20. Fuel level indicators 'E' and 'F' are visible at the bottom.
- Middle Section (Drive Information):** Displays 'P' for Park, a gear shift icon, and '0.0 km'. Below this, it shows a fuel pump icon with '--- L/100km' and a clock icon with '0:21 h:m:s'. At the bottom, it shows a battery icon, '43', a battery level bar, '19.5 / 100km', and '10 km'.
- Right Section (Shipping Mode):** A circular gauge with a battery icon and '88%' displayed. Below it, the text 'Hold OK Disable' is visible.
